

Fight Payment Fraud in iGaming

Get protection and peace of mind with a comprehensive payments platform and embedded fraud tools.

The Challenge

- Combining point solutions leads to gaps in safety and security
- Risk and fraud protection are frequently overlooked
- This jeopardizes your business, expansion efforts and momentum

Is your payment stack protected from a fraud ambush?

2x

total loss from a chargeback vs the original transaction amount ¹

30%

increase in reported consumer fraud from 2021 to 2022 ²

74%

of total fraud is card-not-present fraud ³

The Solution

Get protection and peace of mind. PayNearMe's MoneyLine™ Platform makes the end-to-end payment experience easy for you and your players—all in a single, powerful offering. It provides a comprehensive set of tools for managing fraud, not simply processing payments, all through one platform.
